Whole Bean Coffee

FROM NAPLES **ONE OF THE OLDEST COFFEES** IN THE WORLD

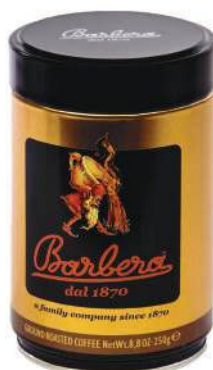

Mago Plus Whole Bean Coffee in Can

Newly designed for coffee bars, this tin can guarantees you retain every flavour molecule. You have the option of ordering the 3KG/105.8 oz. tin Mago Plus represents the highest expression of our quality coffee blends. We work with 7 coffee varieties from Brazil, Central America and Indonesia. During our special 14 minutes slow roasting process, each bean is roasted individually and air-cooled rapidly with the driest air possible in order to ensure the maximum result in a cup. The resulting coffee fills your mouth smoothly with just the right acid balance and an exquisite lingering sweet aftertaste.

Barbera Gold Whole Bean Coffee in Can

Inspired by its antique trade, Caffè Barbera designed this 250g decorative can tin for those who want a smaller, attractive coffee can. Filled with our premium Classica blend, this can is perfect for ecology conscious coffee connoisseurs. The most discriminating coffee aficionado will appreciate the intense hint of chocolate, supported by the strong, slightly sour, and enduring flavour produced by our roasting process. The 5 coffee sources Domenico Barbera originally chose from Brazil, Central America and Indonesia still produce one of the best coffees available anywhere. The resulting coffee fills your mouth smoothly with just the right acid balance and an exquisite lingering sweet aftertaste.

FROM NAPLES **ONE OF THE OLDEST COFFEES** IN THE WORLD

Mago Whole Bean Coffee Blend

Mago means 'Magician', and the name honours the memory of our original coffee magician - Domenico Barbera. It is this blend of 7 premium coffee varieties that built the coffee business in Italy and which is now available in the finest coffee houses and restaurants in over 50 countries worldwide. Mago's magic begins with the whole coffee bean. We have roasted each bean individually, then cooled it rapidly with dehumidified air. The magic continues when you grind the beans right before you make your coffee. This ensures a coffee that tantalises your tongue with its excellent acid balance. Then it enchants you with an unexpected, yet intense, hint of chocolate. Finally, its satisfaction lingers with a sweet, satisfying aftertaste.

Classica Whole Bean Coffee Blend

There are only three people in the world who know how to achieve this blend's perfect harmony. They are masters of controlling roasting time and temperature so this Neapolitan - style espresso blend tickles all your senses with pleasure. Classica's aroma, smooth feel, taste and beauty must be experienced. In this blend our coffee masters merge five premium coffee beans into a unified symphony. They uncover the nuances produced on selected Brazilian, Central American and Indonesian plantations. The nut-brown colour, creamy consistency and pleasant coffee-saturated aroma that results is quintessential Neapolitan coffee.

Hesperia Whole Bean Coffee Blend

This is another of our special blends known only to three of Caffè Barbera's master coffee blenders. We select 4 beans from Brazil and Indonesia to attain the unique flavour of Hesperia. Then we preserve the subtle nuances by carefully and patiently roasting each coffee bean one by one to just the right stage and temperature. And like our other coffees, we reduce the loss of flavour by cooling our beans rapidly with cool air. This ensures that when Hesperia arrives at your door, it is rich in all the aroma truly delightful coffee always delivers. Hesperia will become a daily favourite for the pleasure it gives all your senses.

FROM NAPLES **ONE OF THE OLDEST COFFEES** IN THE WORLD

Bistrò Whole Bean Coffee Blend

Bistrò is a blend composed by four types of world's superior coffee beans. We select, roast and blend the best raw coffee beans in the world from Brazil, Central America and Indonesia. Only three people in the world know how to achieve the proper blend's harmony, slow-roasting time, temperature, organoleptic and olfactory characteristics needed in every authentic cup of Caffè Barbera.

Clean Cup Blend Eco Coffee Beans Blend

Our newest coffee fusion, Clean Cup Blend (CCB) takes 100% ECO Arabica coffee beans grown in Costa Rica and Columbia and serves up the perfect union of excellent taste, unique aroma and earth-friendly practices. To produce this blend, we only use the highest quality coffee beans, sustainably grown. When you purchase Clean Cup Blend, you get more than fantastic Barbera-roasted coffee. You enjoy truly clean coffee. You support ecological growing practices. The farmers cultivating these coffee beans embrace organic practices, rejecting deforestation to obtain higher yields and adopting erosion control methods. Add our patient, unrushed Italian coffee roasting practises, and you get an exceptionally flavourful and satisfying espresso each and every 'clean' cup. The richness of the coffee will tantalise every sense with joy.

Sencaf Decaffeinated Whole Bean Coffee

When Carmelo Barbera introduced Mago Decaf in the 1968s, he set out to produce a caffeine-free version of the Mago blend created by his great-grandfather while retaining the full experience of the original blend. Today the name is evolved in Sencaf. We offer this coffee today as an option for those who love coffee, yet want to avoid caffeine. Recover the experience of savouring your coffee with Sencaf. See the rich colour. Smell the hint of chocolate. Taste and feel the creamy texture as this delicious coffee with its lightly toasted nuances and excellent acid balance slips past your tongue. Rediscover the pleasure of coffee with a cup of Sencaf.

FROM NAPLES **ONE OF THE OLDEST COFFEES** IN THE WORLD

Oro Ground Coffee in Vacuum

Oro means "gold" in English. This is a blend of 5 coffee beans from Brazil, Central America and Indonesia. It is full of complex, yet elegant tastiness. The same slow-roasting process that develops the supreme flavour of our other coffee blends goes into producing Maghetto. Each coffee bean is roasted individually until it reaches the perfect stage. Then it is flash-cooled with dehumidified air to preserve the volatile essence. The result is a coffee with a unique fruity aroma with complex nuances and sophistication. We use 250g flavour-protecting packaging to preserve as much of the coffee's essence and rich aroma as possible.

code	000019C
unit	Bag 250g 8,8oz
selling unit	24 x 250g 8,8oz

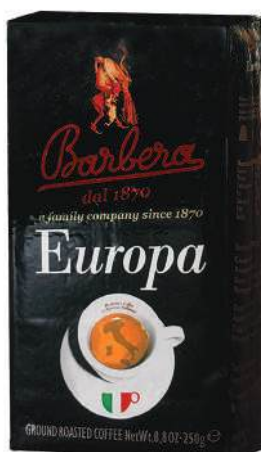

Pregevole Ground Coffee in Vacuum

Pregevole is 'excellent' in English. That was our goal when we choose the 4 coffee bean origins that went into this blend. Excellence in providing a slightly fruity taste as the coffee first slips onto the tongue, and then following it with a sweet and intense experience as the coffee glides down the throat. We choose coffee beans from Brazil and Indonesia to achieve this coffee's unique notes. Then we roast them slowly and separately to peak excellence. Finally, we grind the coffee beans and package them immediately so you savour the 'excellence' of this carefully handcrafted coffee. This is the choice for those who want a coffee that pleases at any time of day.

code	000033C
unit	Bag 250g 8,8oz
selling unit	24 x 250g 8,8oz

Europa Ground Coffee in Vacuum

Europa is the one coffee we blend that includes coffee grown in India. With coffee beans sourced from Brazil as well, this is a coffee with smooth flavour and low acidity. We've blended this coffee with a strong body, yet it retains the rich and toasty flavour associated with authentic Barbera coffee.

selling unit	72x6,25g 0,23oz = 500g 17,6oz

Drip Coffee *Filter Coffee single serving*

The Drip Coffee is the perfect long coffee with an easy and quick preparation. Thanks to the packaging system in a protective atmosphere, the filter preserves the aromas of fresh ground coffee: a cup and hot water (170 ml at a temperature of 90°) are enough to enjoy a perfect filtered coffee at any time of the day. We applied the filter coffee system to our most premium signature blend, the "Mago" of course, our 7 high-quality coffee beans blend selected from Brazil, Central America and Indonesia. The aroma enchants with an intense chocolate scent, an unexpected hint, as well as a lightly toasted tinge. It smoothly fills your mouth, combining excellent acid balance and long persistent sweet aftertaste.

Birchall *Fine British Tea*

Birchall is a family-owned British tea company based in London with roots in the trade dating back 150 years to Darjeeling. Today, their teas are served daily on every major UK high street and are now one of the world's premium exporters of East African teas. Barbera chose Birchall because they believe a cup of tea should not only taste good but be good for the planet too. That's why Birchall's tea is Carbon Neutral. Factory is solar powered and why their speciality Prism and Everyday Tea Bags are all plant-based and fully biodegradable. Birchall specialise in single origin and blended black teas and each variety in their range has won a Great Taste Award. 200 prism tea bags for every pack.

Cold Brew 7 premium beans blend coffee cold brew drink

The Cold Brew by Barbera embodies the company's expansion into the trendiest global markets. This refreshing cold coffee, packaged like an energy drink, is crafted with the freshly roasted Mago blend. The result is a fuller body and aromatic roundness, delivering a pleasantly persistent aftertaste with every sip. With a good caffeine content, it offers broad usability and remains perfectly tolerable, even for younger audiences. Its deliberately retro design aligns with the vintage style of other Barbera products, connecting modern consumers to the rich culinary heritage of southern Italy.

Reusable cup *350 ml 12 oz reusable coffee cup*

Meet the Barbera 12oz Home & Away Reusable coffee cup. This Barbera Cup is made from Single-Use Cups and it is a great option for a short trip, keeping your drink hot for 60 – 90 minutes. By using waste materials to make our coffee cups and water bottles which are then fully recyclable, we can reuse the same materials over and over, closing the circle. This drastically reduces CO2 emissions, stops consumption of the planet's precious resources, and eliminates pollution; the three core environmental challenges humanity faces. Designed for 10 years use, and 100% recyclable

Trust-lock™ – Patent pending lockable lid
Easy one-hand opening, perfect for life on the go
360 Degree drinking, allowing you to enjoy the full coffee aroma
100% BPA & melamine free

for the North American market only

1870 Coffee Line

1870 Hesperia Whole Bean Coffee Blend

This is another of our special blends known only to three of Caffé Barbera's master coffee blenders. We select 4 beans from Brazil and Indonesia to attain the unique flavour of Hesperia. Then we preserve the subtle nuances by carefully and patiently roasting each coffee bean one by one to just the right stage and temperature. And like our other coffees, we reduce the loss of flavour by cooling our beans rapidly with cool air. This ensures that when Hesperia arrives at your door, it is rich in all the aroma truly delightful coffee always delivers. Hesperia will become a daily favourite for the pleasure it gives all your senses.

unit 1Kg 35,3oz
selling unit 9 x 1Kg

1870 Classica Whole Bean Coffee Blend

There are only three people in the world who know how to achieve this blend's perfect harmony. They are masters of controlling roasting time and temperature so this Neapolitan - style espresso blend tickles all your senses with pleasure. Classica's aroma, smooth feel, taste and beauty must be experienced. In this blend our coffee masters merge five premium coffee beans into a unified symphony. They uncover the nuances produced on selected Brazilian, Central American and Indonesian plantations. The nut-brown colour, creamy consistency and pleasant coffee-saturated aroma that results is quintessential Neapolitan coffee.

unit 1Kg 35,3oz
selling unit 9 x 1Kg

1870 Mago Whole Bean Coffee Blend

Mago means 'Magician', and the name honours the memory of our original coffee magician - Domenico Barbera. It is this blend of 7 premium coffee varieties that built the coffee business in Italy and which is now available in the finest coffee houses and restaurants in over 50 countries worldwide. Mago's magic begins with the whole coffee bean. We have roasted each bean individually, then cooled it rapidly with dehumidified air. The magic continues when you grind the beans right before you make your coffee. This ensures a coffee that tantalises your tongue with its excellent acid balance. Then it enchants you with an unexpected, yet intense, hint of chocolate. Finally, its satisfaction lingers with a sweet, satisfying aftertaste.

unit 500g 17,6oz
selling unit 16 x 500g 17,6oz

1870 Oro Ground Coffee in Vacuum

Oro means "gold" in English. This is a blend of 5 coffee beans from Brazil, Central America and Indonesia. It is full of complex, yet elegant tastiness. The same slow-roasting process that develops the supreme flavour of our other coffee blends goes into producing Maghetto. Each coffee bean is roasted individually until it reaches the perfect stage. Then it is flash-cooled with dehumidified air to preserve the volatile essence. The result is a coffee with a unique fruity aroma with complex nuances and sophistication. We use 250g flavour-protecting packaging to preserve as much of the coffee's essence and rich aroma as possible.

unit Bag 250g 8,8oz
selling unit 24 x 250g 8,8oz

1870 Red Vintage Box Ground Coffee in Tin

The newest Vintage Can has been developed following the design of the the first Barbera Can, produced in 1921. With pride and devotion we are glad to celebrate one of the most famous Barbera products. The Vintage Can contains 2x250g of our finest blend Maghetto.

unit 2 Bags x 250g 8,8oz = 500g 17,6oz
selling unit 11 TINS

1870 Gold Whole Bean / Ground Coffee in Can

Inspired by its antique trade, Caff  Barbera designed this 250g decorative can tin for those who want a smaller, attractive coffee can. Filled with our premium Classica blend, this can is perfect for ecology conscious coffee connoisseurs. The most discriminating coffee aficionado will appreciate the intense hint of chocolate, supported by the strong, slightly sour, and enduring flavour produced by our roasting process. The 5 coffee sources Domenico Barbera originally chose from Brazil, Central America and Indonesia still produce one of the best coffees available anywhere. The resulting coffee fills your mouth smoothly with just the right acid balance and an exquisite lingering sweet aftertaste.

Caffè Tris Whole Beans Coffee in Vacuum

Tris, since 1958 the perfect number of Neapolitan coffee. They are in fact over 60 the years of this company, born to satisfy those who seek in coffee 1 perfection of the cream, 2 intensity of perfumes, 3 persistence on the palate but at the same time you want a product from the "right" price. Yet already in the 60s this blend was at the forefront, being able to count on production standards and conservation very advanced, thanks to the know-how of the parent company, which still guarantees it today the same quality, made above all slow roasting and air cooling of the selected blends from India and Brazil. A Tris with Moka, or the professional machine or other, it immerses you immediately in the heart of Neapolitan taste. And the Tris is done!
